

§ 51.63

prior decision as to the construction cost of capital improvements made by the Director or by an arbitration panel in accordance with this part are final and not subject to further arbitration.

[66 FR 35083, July 3, 2001]

§ 51.63 When a new concessioner pays a prior concessioner for a leasehold surrender interest, what is the leasehold surrender interest in the related capital improvements for purposes of a new concession contract?

A new leasehold surrender interest concession contract awarded to a new concessioner will require the new concessioner to pay the prior concessioner its leasehold surrender interest value in existing capital improvements as determined under § 51.62. The new concessioner upon payment will have a leasehold surrender interest in the related capital improvements on a unit-by-unit basis under the terms of the new leasehold surrender interest contract. Instead of initial construction cost, the initial value of such leasehold surrender interest will be the leasehold surrender interest value that the new concessioner was required to pay the prior concessioner.

§ 51.64 May the concessioner gain additional leasehold surrender interest by undertaking a major rehabilitation or adding to a structure in which the concessioner has a leasehold surrender interest?

A concessioner that, with the written approval of the Director, undertakes a major rehabilitation or adds a new structure (*e.g.*, a new wing to an existing building or an extension of an existing sidewalk) to an existing structure in which the concessioner has a leasehold surrender interest, will increase its leasehold surrender interest in the related structure, effective as of the date of substantial completion of the major rehabilitation or new structure, by the construction cost of the major rehabilitation or new structure. The Consumer Price Index adjustment for leasehold surrender interest value purposes will apply to the construction cost as of the date of substantial completion of the major rehabilitation or new structure. Approvals for major rehabilitations and additions to struc-

tures are subject to the same requirements and conditions applicable to new construction as described in this part.

§ 51.65 May the concessioner gain additional leasehold surrender interest by replacing a fixture in which the concessioner has a leasehold surrender interest?

A concessioner that replaces an existing fixture in which the concessioner has a leasehold surrender interest with a new fixture will increase its leasehold surrender interest by the amount of the construction cost of the replacement fixture less the construction cost of the replaced fixture.

§ 51.66 Under what conditions will a concessioner obtain a leasehold surrender interest in existing real property improvements in which no leasehold surrender interest exists?

(a) A concession contract may require the concessioner to replace fixtures in real property improvements in which there is no leasehold surrender interest (*e.g.*, fixtures attached to an existing government facility assigned by the Director to the concessioner). A leasehold surrender interest will be obtained by the concessioner in such fixtures subject to the approval and determination of construction cost and other conditions contained in this part.

(b) A concession contract may require the concessioner to undertake a major rehabilitation of a structure in which there is no leasehold surrender interest (*e.g.*, a government-constructed facility assigned to the concessioner). Upon substantial completion of the major rehabilitation, the concessioner will obtain a leasehold surrender interest in the structure. The initial construction cost of this leasehold surrender interest will be the construction cost of the major rehabilitation. Depreciation for purposes of leasehold surrender interest value will apply only to the rehabilitated components of the related structure.
